

Ensure customer
payments are fast, easy
and EMV compliant

Cost-efficient
Easy integration
Proven and
secure

Use your existing terminals and provide a fast, easy and secure payment journey for your customers via the ADVAM Gateway. Benefit from a cost-efficient and an end-to-end EMV certified solution.

**Secure the benefits
with the way to pay**

An EMV certified solution using your existing terminals and the ADVAM Gateway

UnattendedConnect enables you to process payments securely whilst using your existing payment terminals. ADVAM will work with your terminal provider to assist them with the end-to-end EMV certification and make sure that the whole process is seamless.

How it works

Using your existing terminal

Terminal

Unattended payments
host equipment

Benefit from the power of the
ADVAM acquirer connections.

ADVAM
Gateway

Acquirer

Enable your connections to be EMV secure, using your existing terminal. ADVAM works with your terminal provider to assist them with the end-to-end EMV certification.

UnattendedConnect equips you with an end-to-end EMV certified payment solution that supports your future growth.

End-to-end EMV certification

Ensure that your journey to an end-to-end EMV certified solution is seamless. ADVAM will support you and your terminal supplier through the process and provide API connectivity to the ADVAM Gateway to enable fast payment processing and a secure EMV certified transaction.

The way to pay

Easy and secure payment via ADVAM's multi-channel gateway, benefitting from the power of ADVAM's acquirer connections. Enable payment by all major cards and the option to accept mobile payments.

Administration Portal

Take control of your account. View and search transactions by reference, payment card, receipt and date. Enable refunds and generate comprehensive reports, including summary, custom, billing reconciliation and detailed reports.

Harness the benefits of having a flexible and scalable payment solution in your business.

Cost efficient

Use your existing terminals and connect to your preferred bank using the ADVAM Gateway. Eliminate the burden of creating a direct link between your bank and terminal provider.

Increased security

Reduce the risk of fraud through an end-to-end EMV certified solution.

Exceptional customer experience

Deliver a hassle-free experience to your customers during their buying journey.

ADVAM — we're transforming payments around the world

Easier for consumers, better for you

ADVAM solutions make it easier for consumers to buy the things they need — reliably, efficiently and securely. That means our clients secure the benefits that flow from providing their customers with better payment experiences.

Truly multi-channel

Our product suite is truly multi-channel — online, mobile, unattended and via digital wallets. It's a user-centric approach that's right for everyone — wherever they are, and whichever way they want to pay.

Seamless transactions

Our secure and compliant solutions not only deliver powerful and positive consumer experiences, they also ensure our clients get real business benefits from seamless transaction processing.

Global reach

From our offices in Australia, the US, and the UK, and with customers and acquirer links in over 20 countries, our client portfolio includes globally leading enterprises and public sector departments.

Broad expertise

Our sector expertise includes airports, parking, shopping centres, local government, health, education, entertainment and self-service. Our experience means ADVAM clients benefit from our in-depth industry knowledge.

Part of a worldwide business

ADVAM is a TNS Company. TNS provides global data communication networks enabling clients to interact and transact with other businesses simply and securely.
