UnattendedPayments

Make it easier for your customers to make self-service payments

Ensure your customers can make cashless payments easily via cards and mobile wallets with UnattendedPayments

Secure the benefits with the way to pay

Deliver convenience

Tap into demand for convenient cashless payments with UnattendedPayments

UnattendedPayments is the end-to-end solution that means you can accept cashless payments via cards and mobile wallets.

Our range of payment terminals for parking and self-service industries enable our clients to eliminate the burden of cash handling, increase operational efficiency and reduce cost of vandalism.

Our Non-CVM range allows easy and secure integration of contactless payments into parking and self-service businesses.

Trusted by businesses. Used by major airports, shopping centres and parking operators all over the world

integration ready solutions

UnattendedPayments - the core is technology, the key is expertise

Whether you're integrating cashless payment technology for the first time, or upgrading your existing cashless solution, UnattendedPayments is the proven platform that comprises high performing, robust payment terminals, connection to the ADVAM Gateway and a comprehensive reporting and account administration management tool.

Packed full of features

Premium terminals

- A wide range of premium iSelf CVM and Non CVM payment terminals from Ingenico
- Telemetry available via third party partners

Technical support

- Remote software updates
- Equipment monitoring
- PCl compliance updates
- On-site tech on request fees applicable

Administration portal

- Manage and refund transactions
- Access transaction and billing reports

The way to pay

- Accept payments via card, certified with all major schemes (Visa, Mastercard, American Express)
- Accept mobile wallet payments Apple Pay, Samsung Pay, Google Pay
- P2PE validated solution
- EMV certified
- Fast and easy payments via the ADVAM Gateway

Benefits for you and your customers

Customer experience

Make the buying journey more convenient for your customers by enabling multi-channel payment acceptance, via cards or mobile wallets. Enable customers to upsell themselves as they are no longer concerned with availability of cash.

Remove the burden of handling cash

Payments are made direct to your bank, improving cash flow, eliminating the manual effort of cash handling and reducing the cost caused by vandalism.

Robust, premium terminals

The high quality of the payment terminals provides longevity and enables them to withstand harsh environments.

Increased security for you and your customers

Using EMV Certified terminals and a P2PE validated solution, you and your customers can be reassured that payments are made quickly and securely.

ADVAM — we're transforming payments around the world

Easier for consumers, better for you

ADVAM solutions make it easier for consumers to buy the things they need — reliably, efficiently and securely. That means our clients secure the benefits that flow from providing their customers with better payment experiences.

Truly multi-channel

Our product suite is truly multi-channel
— online, mobile, unattended and via digital
wallets. It's a user-centric approach that's
right for everyone — wherever they are,
and whichever way they want to pay.

Seamless transactions

Our secure and compliant solutions not only deliver powerful and positive consumer experiences, they also ensure our clients get real business benefits from seamless transaction processing.

Global strength

From our offices in Australia, the US, and the UK, and with customers and acquirer links in over 20 countries, our client portfolio includes globally leading enterprises and public sector departments. We provide our clients with 24/7 local support, and we meet the industry's highest standards of security and compliance.

Broad expertise

Our sector expertise includes airports, parking operators, shopping centres, local government, health, education, entertainment and self-service organisations. Our experience means ADVAM clients benefit from our in-depth industry knowledge.

Part of a worldwide business

ADVAM is a TNS Company. TNS provides global data communication networks enabling clients to interact and transact with other businesses simply and securely.
