

Make it easier for your
customers to make
self-service payments

Seamless
payment experience
Remove cash handling
Deliver convenience

Enable your customers to make
cashless payments easily via cards and
mobile wallets with UnattendedPayments

**Secure the benefits
with the way to pay**

Tap into demand for convenient cashless payments with UnattendedPayments

UnattendedPayments is the end-to-end solution that means you can accept cashless payments via cards and mobile wallets.

Our range of payment terminals for parking and self-service industries enable our clients to eliminate the burden of cash handling, increase operational efficiency and reduce cost of vandalism.

Our No Cardholder Verification Method (No CVM)* range allows easy and secure integration of contactless payments into parking and self-service businesses.

*No Cardholder Verification Method (No CVM) - A verification method where a PIN or a signature is not required

Local support, backed by global infrastructure

Level 1 PCI DSS Service Provider

EMV Certified

P2PE validated solution

Highly protected payment terminals with up to IK10 impact rating and ingress protection rating of up to IP65

Multi-machine or single machine integration ready solutions

Trusted by businesses. Used by major airports, shopping centres and parking operators all over the world

UnattendedPayments - the core is technology, the key is expertise

Whether you're integrating cashless payment technology for the first time, or upgrading your existing cashless solution, UnattendedPayments is the proven platform that comprises high performing, robust payment terminals, connection to the ADVAM Gateway and a comprehensive reporting and account administration management tool.

Packed full of features

Premium terminals

- A wide range of premium iSelf CVM and Non CVM payment terminals from Ingenico

Technical support

- Remote software updates
- Equipment monitoring

Administration portal

- Manage and refund transactions
- Access transaction and billing reports

The way to pay

- Accept payments via card, certified with all major schemes (Visa, Mastercard, American Express)
- Accept mobile wallet payments (Apple Pay, Samsung Pay, Google Pay)
- P2PE validated solution
- EMV certified
- Fast and easy payments via the ADVAM Gateway

Benefits for you and your customers

Customer experience

Make the buying journey more convenient for your customers by enabling multi-channel payment acceptance, via cards or mobile wallets. Enable customers to upsell themselves as they are no longer concerned with availability of cash.

Remove the burden of handling cash

Payments are made direct to your bank, improving cash flow, eliminating the manual effort of cash handling and reducing the cost caused by vandalism.

Robust, premium terminals

The high quality of the payment terminals provides longevity and enables them to withstand harsh environments.

Increased security for you and your customers

Using EMV Certified terminals and a P2PE validated solution, you and your customers can be reassured that payments are made quickly and securely.

Introducing the new Self Series

Next generation technology.
Compact, secure and scalable
contactless solution.

ADVAM — we're transforming payments around the world

Easier for consumers, better for you

ADVAM solutions make it easier for consumers to buy the things they need — reliably, efficiently and securely. That means our clients secure the benefits that flow from providing their customers with better payment experiences.

Truly multi-channel

Our product suite is truly multi-channel — online, mobile, unattended and via digital wallets. It's a user-centric approach that's right for everyone — wherever they are, and whichever way they want to pay.

Seamless transactions

Our secure and compliant solutions not only deliver powerful and positive consumer experiences, they also ensure our clients get real business benefits from seamless transaction processing.

Global strength

From our offices in Australia, the US, and the UK, and with customers and acquirer links in over 20 countries, our client portfolio includes globally leading enterprises and public sector departments. We provide our clients with local support, backed global infrastructure, and we meet the industry's highest standards of security and compliance.

Broad expertise

Our sector expertise includes airports, parking operators, shopping centres, local government, health, education, entertainment and self-service organisations. Our experience means ADVAM clients benefit from our in-depth industry knowledge.

Part of a worldwide business

ADVAM is a TNS Company. TNS provides global data communication networks enabling clients to interact and transact with other businesses simply and securely.
